## STEP 1: Attaching Slide To Tower

---

1. Position the template provided on the tower rail at the desired location.
2. Mark the position with any of the holes available.
3. Repeat for the opposite tower rail.

4. Align the slide with the marks & secure with 3/4 in. screws.
5. Insert the rod through the face plate (flat side outward).
6. Secure the rod to the slide with 1/2 in. machine screws.

## STEP 1: Attaching Cover Plate

---

1. Snap cover plate over slide.
